Application No. 10/083,529

Docket No. UND-99-02-D1

Filing Date: 02/27/2002

Name of the Inventor: Undurti Narasimha Das

Title: A method of stabilizing and potentiating the action of anti-angiogenic substances.

Confirmation No. 8507

Examiner: Pryor, Alton Nathaniel

Art Unit: 1616.

Dear Mr. Pryor Alton Nathaniel,

I am in receipt of the office action mailed on 12/31/2007 of my above mentioned patent application. Thank you very much for the same.

I am here with enclosing my response to the same. The response is 19 pages long containing 4 annexures and claims 1-7.

As suggested during our telephonic conversation, I have enclosed the terminal disclaimer duly signed. In this context, I would like to inform you that terminal disclaimer was filed once on August 10, 2007 by Mr. Ram Nath, my previous attorney, on my behalf along with a check for US\$ 65.00 towards the fee for the same. In view of this, I am not enclosing a check

for US\$ 65.00. In the event, if I have to pay this fee again kindly let me know so that I can send the same. I am here with enclosing a photocopy of the previous check of US\$ 65.00 paid towards the fee for terminal disclaimer for your reference.

I have amended the claim 3 to make it clearer and the amended portion has been underlined for easy reference.

I have also enclosed a self-addressed, stamped envelope containing a copy of this letter which can be duly stamped and returned to me as the acknowledgement of receipt of my response.

With regards,

Sincerely,

Undurti Narasimha Das
